## Curriculum Notes

**ELA:** We are reading Bud, Not Buddy and learning about mysteries. After we complete the book, students will select another mystery to read in book clubs, and begin to write a mystery. We will continue to work on grammar. Review guides for the ELA exam on Tuesday, January 23, will be shared with students this week.

**Social Studies:** Students will begin learning about the continent of Africa. They will explore different aspects of both ancient and modern Africa. Prior to our courthouse visit, we will also talk about due process and the court system.

**Science:** Students continue to learn about solutions. Students will mix substances, observe dissolving, and use balances to compare densities and infer concentration. A review guide will be shared with students this week.
